

Instructions

Membership Classes

Associate Membership in the club is open to all amateurs, and to those desiring to learn more about amateur radio. This level of membership entitles members to receive gateway privileges, and an email address of Callsign@K5TIT.Org. This email address can be forwarded to another address if desired, and will be used for most club-related communications. Associate Members are invited and encouraged to become involved in club projects and experiments. Associate Members do not have voting privileges.

Full Membership in the club is by invitation only, and requires sponsorship and voted approval. Full Members have all of the privileges of Associate Members. Full Members also have voting privileges in the club. An invitation to Full Membership will normally be extended as a result of an Associate Member demonstrating a sincere interest and an ongoing commitment to the goals and efforts of the club. Although not specified, this will normally occur after at least one year of activity as an Associate Member.

Applicant Information

This is the personal information for each prospective club member. Please complete this section for each member when making application for family membership. Please include both mailing address and an email address. Members will be provided an email address by the club, YourCall@K5TIT.Org. If you'd like email sent to this address to be forwarded to your regular email, please indicate on the application. Family members without a current FCC-issued amateur call will be assigned email addresses of FirstName.Lastname@K5TIT.Org.

Fee Information

The Texas Interconnect Team has established a membership fee structure to support the efforts and expenses of the organization. The annual dues are indicated on the application. Dues are payable annually, and cover the period from January to December of that year. As a courtesy, members joining after 1 October in a given year will be covered through December of the following year.

Dues remaining unpaid after January 31 will result in the member forfeiting D-STAR gateway privileges and email privileges with the club.

The Initiation Fee is assessed only upon initial application for membership. It is not due thereafter.

A family membership is available and covers all members within a household. Only one initiation fee is required for a family membership. Application of additional family members at a later date will incur additional initiation fees.

The Texas Interconnect Team does not attempt to cover all expenses through our dues and fees structure. We encourage members to make additional donations as individually appropriate. The club will formally receipt each donation for tax purposes.

Submission Instructions

Please complete this form, and submit with appropriate payment to the address below. The Texas Interconnect Team can accept personal checks or money orders. When applying in person, cash is also acceptable. Please do not mail cash payments. Please make all instruments payable to the Texas Interconnect Team.

Please mail the completed form and enclosed payment to:

Texas Interconnect Team
PO Box 173476
Arlington, Tx 76003-3476
